Dear Mr. S Dube,

ACKNOWLEDGEMENT OF YOUR INTENT TO APPLY FOR A WATER USE LICENCE IN TERMS OF SECTION 40 OF THE NATIONAL WATER ACT, 1998 (ACT 36 OF 1998), RIET RIVIER Number 842 Portion 378, AMAOTI NO. 3 SECONDARY SCHOOL, FARM 842 RIET RIVIER PORTION 378, ETHEKWINI, KZN

The Department of Water and Sanitation hereby acknowledges receipt of your pre-application information and intent to apply for a water use licence that was received on **22 Aug 2022**. The department has conducted preliminary assessment and has established that a site inspection is not required. In order for the Department to process your application the following additional information is requested;

Technical and Administrative Requirements
Integrated Water and Waste Management Plan *
<i>Note: the requirements for this study are available upon request.</i>
Certified copy of the Applicant's Identity Document (listed as the Signatory Contact on eWULAAS), which is not older than three months at the time of submission.
Title Deeds of Properties Where Water Uses Occur (WinDeed Report / Original Title Deed)
<i>Note: should the Water User is not the Property Owner, a lease agreement is required between the Water User and Property Owner. The DW902 form must be completed and signed by the Property Owner. A certified copy of the Property Owner's Identity Document must also be provided, which is not older than three months at the time of submission.</i>
Property Zoning Certificate
<i>Note: should the water uses not be aligned with the property zoning scheme, a rezoning application must be made to the relevant municipality. Proof of this application must be provided with the submission.</i>

<p>Clearance letter from the Department of Rural Development and Land Reform</p> <p><i>Note: should the letter indicate that the property has a land claim, the Regional Land Claims Commissioner must be informed in writing of the intent to apply for a WULA and the activities which are being applied for. Proof of this must be provided with the submission.</i></p>
<p>Licence Application Forms signed by the Applicant (listed as the Signatory Contact on eWULAAS).</p>
<p>Topographic map</p> <p><i>Note: include the map name, number of farm boundaries and any subdivisions.</i></p>
<p>Master Layout Plan</p> <p><i>Note: include the delineated sensitive areas (wetlands within a 500m radius, floodlines, riparian areas, etc.), flow direction in relation to the proposed development and the water uses, and the exact positions of monitoring points (including their co-ordinates)</i></p>
<p>Environmental Authorisation</p> <p><i>Note: should this submission be made prior to the Environmental Authorisation being obtained, the Environmental Impact Assessment or Basic Assessment Report must be provided with the submission. Alternatively, provide a letter from the KZN Department of Economic Development, Tourism and Environmental Affairs stating that an Environmental Authorisation is not required.</i></p>
<p>Environmental Management Programme *</p>
<p>Wetland and Hydropedological Assessment *</p> <p><i>Note: the requirements for this study are available upon request.</i></p>
<p>Geotechnical Assessment *</p>
<p>Water Use Licence Application Summary Report</p> <p><i>Note: this is a separate report which must be FULLY completed. Although the information may be available in any of the other reports submitted, it must be provided again. This template is available upon request.</i></p>
<p>Aquatic Assessment *</p> <p><i>Note: the requirements for this study are available upon request.</i></p>
<p>Hydrological Assessment *</p> <p><i>Note: the requirements for this study are available upon request.</i></p>
<p>Water Balance *</p> <p><i>Note: the requirements for this study are available upon request.</i></p>
<p>Method Statement *</p> <p><i>Note: this must include all the applicable aspects, including construction, operation, decommissioning, post-closure, rehabilitation, and wetland destruction and offset.</i></p>
<p>Stormwater Management Plan *</p>

<i>Note: the requirements for this study are available upon request.</i>
Civil Design Report *
<i>Note: the requirements for this study are available upon request.</i>
Monitoring programme *
<i>Note: the requirements for this study are available upon request.</i>
Contingency Plans *
Public Participation Report *
<i>Note: public participation commences after ALL studies have been completed and must be done in accordance with the requirements of the Act and Licensing Regulations.</i>
Financial Provision Letter
<i>Note: must be in the form of a signed letter by the Applicant indicating that funds would be available for incidents such as clean-up operations following pollution and emergency incidents, and rehabilitation (dealing with Section 19 and 20 of the NWA).</i>
Service Level Agreements
<i>Note: this is specifically for water and sanitation services and must be signed by the service provider. In the case of a service level agreement relating to sewer disposal to a Waste Water Treatment Works (i.e. waterborne sewerage and/or conservancy tanks), this agreement must indicate both the authorised and operational capacity of the WWTW.</i>

* This report must be signed by the relevant author and reviewer; may not be older than five years at the time of submission; and may not be a draft report.

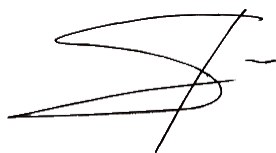

Please note: each of the above requirements must be uploaded as separate documents.

Failure to submit the required information within 2 years of receipt of this letter may lead to the closure of your intent for a water use licence.

Should you wish to make any further enquiries in this regard please do not hesitate to contact Ms A Steenkamp at telephone number +27313362957.

Yours faithfully,

Recommend
