Dear,

RE: AMAOTI NO3 SECONDARY SCHOOL- SUBMISSION OF BULK SEWER SERVICES REPORT FOR CONFIRMATION OF AVAILABILITY OF THE BULK SEWER INFRASTRUCTURE

Your report titled "Amaoti No3 Secondary school" Revision 0, dated 06 February 2023, has reference.

Amaoti No.3 Secondary School is an existing school comprising of temporary buildings and ablutions. The school currently accommodates 1086 students. The project involves the upgrading of the school into a formal facility, to better provide for the increased number of 1200 students.

eThekweni Water and Sanitation (EWS) wishes to indicate their support for the development and confirms that wastewater generated from the development can be accommodated at the Phoenix Wastewater Treatment Works.

Furthermore, please ensure to liaise with eThekweni Water and Sanitation (EWS) Wastewater Design branch for the comments on the receiving sewer network, trunk mains and related pump stations.

It should be noted that this approval letter is only **valid for 3 years** and will become invalid as of **28 February 2026**, after which the developer would be required to resubmit a formal application to this department.

Yours Faithfully

E. MSWELI
